

EUROPEAN TEACHERS ACADEMY

Course title:	ICT tools for learning
Course description:	<p>Do you want to transform the “Put away your mobile” into “Use your smartphone wisely”? If so, this training course is for you.</p> <p>Technology and devices are present in the everyday life of kids and young people, they will use them anyway, so why don’t we teach how to do it properly?</p> <p>Moreover, ICTs have strong potential to promote better learning environment and permanent results.</p> <p>No, you don’t need to be a master in Informatics, neither to have expensive equipment. Give it a try!</p> <p>This training is based on analog, digital and outdoor sessions. It includes a lot of experiential/learning by doing sessions and it uses reflection as a tool for learning and self-assessment.</p>
Competences acquired by participants:	<p>Here are the main objectives of the training:</p> <ul style="list-style-type: none"> • getting familiar with popular digital tools • being able to include digital tools and equipment into daily lesson • developing innovative methods including digital tools for teaching • different possibilities of testing students’ learning • experiencing various spaces (open-air, analog/digital) to create a supportive learning environment • fostering an open attitude towards new technologies and the use of internet • enhancing knowledge about past and future of the internet
Target groups:	Teachers from primary to high school (any subject)

Daily programme:	<p>Introduction – objectives, programme, methods</p> <p>Which education? - Ted talk</p> <p>Learning environment – analog design</p> <p>Serious play 2 – Augmented reality</p> <p>Test your acquired knowledge - Kahoot</p> <p>Discover the environment 1 - team building with Actionbound</p> <p>Discover the environment 2 – Virtual reality I</p> <p>Serious play 1 – Scratch</p> <p>Hands on session – self directed learning</p> <p>Useful resources – teachers’ worlds</p> <p>Self-assessment - Open badges</p> <p>Discover the environment 3 – Virtual reality II</p> <p>Social media as a tool for learning</p> <p>Be teacher again - Sharing is caring</p> <p>Evaluation of the training course</p> <p>Internet and the future of ICT – Black mirror</p> <p>Daily reflection and Open badges</p>
